

MINISTÉRIO DA SAÚDE

Rio de Janeiro, February, 1, 1978

Dear Dr. Schmidt.

I have just received the papers you so kindly sent me.

I am sure that they will be very helpful, for I intend to publish a catalogue with the Brazilian acanthocephalans and their related hosts and that are deposited in our Collection.

So, all the papers dealing with them are welcome.

Best regards,

---
