

Dr. Raymond B. Hamming.

Curator. Department of Invertebrate Zoology.

Dear Dr. Hamming

Im , July 1991.

The revision of the Barnacles collection I did myself with the help of a technician. There are ⁱⁿ all 381 bottles in liquid (alcohol) in the systematic collection and more 570 ~~another~~ bottles ~~in liquid~~ the histological collection. They were taken in different place of Brazil. My plane is to send all ^{the} collections in bottles with alcohol, because I think that there is no other way to send them. My intention is ~~to~~ to send to ^{the} Smithsonian the ^{Systematic} ~~Systematic~~ and Histological ^{collections} for studies. The specimens are fixed in Bouin, Carnoy, Flemming, Helly, Gendre, Suss and Foxonol. I believe that it ^{will} constitute a great help to study the Barnacles. I ^{can} ~~will~~ also 600 paraffin blocks ~~the barnacles~~. Perhaps there is a ~~young~~ boy willing to study Histology and Histoche- misty of Barnacles. These blocks are necessary for such a study. The collection has also ^{an} systematic and histological index cards ^{which} ~~will~~ ^{with} follow it. It today I received your packing material. I am worried because I believe that you ^{did} ~~not~~ not

understand me! I beg your pardon I have had
reflected.

My barnacle collection ^{will be a} great ^{help to the} ^{Museum} with 951 glass
bottles in alcohol and of different sizes.

Please, send ~~me~~ somebody expert in package ~~to~~
in order to send ~~the~~
~~work with one~~ in barnacle collection. Perhaps you
can ~~to~~ communicate with ~~the~~ American Embassy ^{in Brazil} or ~~the~~
~~Consulate American~~ in Rio de Janeiro ^{for} ~~help~~ ~~me~~
to ~~send~~ ^{help} all collection. Please, let's ~~me~~ ~~help~~ ~~for~~
to do this part.

When you need ~~something~~ ^{matter}, please, write ⁱⁿ the
name of the Osvaldo Cruz ~~Institute~~ Foundation first
and after ~~it~~ ⁱⁿ ~~my~~ ^{own} name ~~Osvaldo Cruz~~ ~~de~~ ~~Osvaldo~~. This
will facilitate the boy here to fetch ~~the~~ packet.

I have also many color slides ^{which I made} ~~myself~~ myself,
of the cirrus, pedicels, buccal parts, tergum, scutum,
anatomy, cement glands etc. of the all ^{the} barnacle
collection, but ~~it~~ ~~is~~, ~~to~~ ~~be~~ ~~sent~~. This
is to ~~be~~ ~~sent~~ ~~SR11~~.

You are aware that ~~with~~ this collection in the
National Museum of Natural History will have all the
material ~~from~~ from Brazil.

With my best wishes I am

Yours truly
